

The Lutfisk Wrapper

Special Edition - Midsommar 2020

Well, it's been an odd summer to date. I hope all our members and their families are doing well, are healthy and staying safe throughout the uncertainty of the corona virus pandemic and our current social unrest.

The Midsommar news:

Nordic Northwest is staging a 'Virtual Midsommar' celebration through June 20, and you can check it out on their website, <https://www.oregonmidsommer.com> .

Judy Rust just reported about the League of Swedish Societies Midsummer Pole raising to be staged during the Nordic NW virtual celebration. It is happening on Friday, June 19, from 4-8pm on the north end of the Nordic NW parking area (the non-paved area). This is the info from the website:

The League of Swedish Societies will be raising the iconic Maypole, decorated with traditional birch and flowers, on the grounds of Nordia House. An important part of Swedish summer solstice traditions, and a highlight at any Midsummer Festival, the League of Swedish Societies will give Oregonians a chance to swing by and take their photo with the Maypole.

Make your flower crown and swing by for your annual colorful Midsummer photo!

So, if you have time on Friday, you might consider driving by to see how it turned out. Remember to wear a mask, carry hand sanitizer, and keep your social distance.

Again, so sorry our Harmoni Summer Potluck has been cancelled.

Hope to see everyone in September!

In Truth and Unity,

Ann Tohlen
